## Details:

KellyREST Brand easel style adjustable copy holder offers a variety of useful functions including reduced over head glare by a curved copy tray. Works on either side of the monitor or directly in front. Spring adjustable and reversable see through line guide slightly magnifies text while typing. Helps reduce eye and neck strain while reviewing documents or actively typing by elevating documents. Sturdy viewing tray will adjust to various angles. The spring loaded document clip easily supports letter and legal document with an extra wide paper ledge. The rear clip allows you to securely fold over stapled items and keeps paperwork in place. Made of durable plastic and comes in an attractive gray/putty color. Some assembly required.
