Features:

- Locking wheels securely keeps your tower in place
- Base units expands to hold most tower units
- Rotates for easy rear access and cable installation
- Rolls easily while support most computer towers.
- Made of durable plastic, some assembly required

Details:

KellyREST Brand CPU Stand with locking wheels allows for easy and convenient access to the rear of your computer tower. The CPU stand will expand in width to fit most types of CPU towers. Locking wheels combined with the weight of the tower keeps computer safely in place. Stop reaching and dragging your computer around when accessing your cables or network cards. Help avoid expensive repairs due to bouncing the computer tower. Avoid back or neck strain experienced by reaching in awkward positions. Not recommended for some iMac towers with wide front fascias. Some assembly required.
