## ViscoFlex™ Calculator or Optical Mouse Wrist Supports with Soft-Back™ Base

### Product Specification:

#### Mfr. Model No:

50106-White Base

50206-Gray Base

50306-Black Base

#### List Price

\$24.95 Each

\$24.95 Each

\$24.95 Each

UPC/MFG. No:

7-62984-50106-4 White

7-62984-50206-1 Gray

7-62984-50306-8 Black

Product Dimensions:

.75"H x 9"W x 13"D

Positive Angle Pad Size:

.75"H x 9"W x 2.5"D

Product Weight Each:

.80 lbs. Per Unit

Case Quantity:

10 Each

Case Dimensions (HxWxD):

10"H x 15"W x 9"D

Case Shipping Weight:

9.00lbs. Per Case

Color:

White, Gray, Black

Case Cube Size:

.78

Country of Origin:

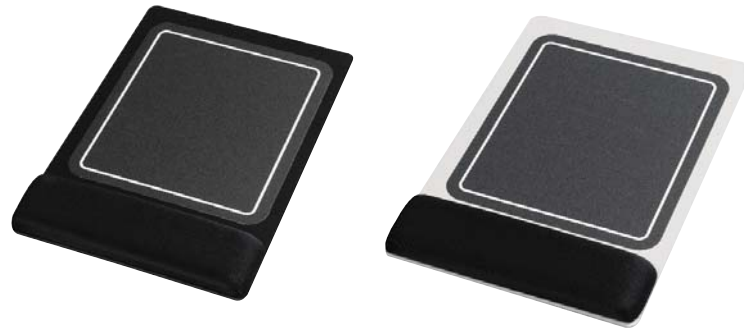

USA

Assembly Required:

No

Memory Foam

### Features:

- Wide SRV Optical mouse area with excellent tracking
- Aegis Microbe Shield anti-microbial protection
- Temperature sensitive ViscoFlex Memory Foam
- Adjusts to wrist movement and individual wrist shape
- Aids in the dissipation of moisture and perspiration
- Positive tilt with contour edges, non skid base

### Benefits:

- Prohibits bacteria and algae growth on the pad surface
- Five Star Seal of Ergonomic Excellence by ORI
- Reads optical sensors with precise accuracy
- Recognizes and relieves local pressure when typing
- Surface pressure is reduced by even distribution
- Lycra surface breathes and cleans easily

### Details:

ViscoFlex Wrist Support promotes user-friendliness and helps to provide relief from prolonged mouse use by utilizing revolutionary extreme high density ViscoFlex memory foam. Developed by NASA in the 1960's and now widely used in the Healthcare and Sleep Industry, ViscoFlex memory foam is slow to recover and does not bounce when pressure is released. Our innovative material recognizes shapes, and adjusts to evenly distribute the pressure load from your hands and wrists- reducing pressure points. The ViscoFlex wrist support simulates a floatation effect and provides even pressure distribution; it helps to facilitate blood circulation and lessens discomfort while using the mouse- with a luxurious gel like feel. The Soft-To-Touch Lycra® covered wrist pad is easy to clean and anti-microbial treated with Aegis Microbe Shield technology, to minimize environmental contamination and the development of resistant organisms. Extra wide optical mouse surface magnifies the infrared light of your mouse with precise accuracy, improving tracking and lessening drag associated with other mouse pads. May be used for calculators, mouse units or telephones and has a non-skid base. One Year Warranty. *Given the "Five Star" seal of ergonomic excellence by the Oxford Research Institute for design, quality and comfort.*
